CAREER OBJECTIVE

Motivated Junior .NET Web Developer and Computer Systems Engineering student with a solid foundation in C#, ASP.NET Core MVC, Entity Framework Core, and SQL database management. Eager to leverage technical skills and problem-solving abilities to contribute to dynamic software development projects and deliver scalable web solutions.

EDUCATION

Bachelor of Science in Systems and Computers Engineering

Faculty of Engineering, Al-Azhar University | Expected Graduation: 2027

TECHNICAL SKILLS

- **Programming Languages:** C#, C++, JavaScript, SQL, HTML/CSS
- **Web Technologies:** ASP.NET Core MVC, Entity Framework Core, LINQ
- **Databases:** Microsoft SQL Server, T-SQL
- **Tools & Platforms:** Visual Studio, SQL Server Management Studio (SSMS), Git/GitHub

PROJECTS

Sports Academy Management System (ITI) | C#, ASP.NET Core MVC, EF Core, SQL Server

- Developed a full-featured web application to manage sports academy operations, trainee registrations, and schedules using MVC architecture.
- Implemented Entity Framework Core, database migrations, and CRUD operations with dynamic views.

Student Activities E-Commerce Platform (MSP) | C#, ASP.NET Core MVC, SQL Server

- Contributed as a Back-End Developer to build an e-commerce platform serving student activities and events.
- Designed and handled database operations and server-side logic for seamless user transactions.

Library Management System Database (DEPI) | SQL Server, T-SQL, Database Design

- Designed and executed a complete relational database schema for library operations, tracking books, members, and borrowing transactions.
- Authored optimized SQL queries and stored procedures to ensure data integrity and performance.

TRAINING & CERTIFICATION

Digital Egypt Pioneers Initiative (DEPI) | Full Stack Web Developer (.NET) Trainee (Jul 2026 – Present)

- Enrolled in an intensive training program covering C#, ASP.NET Core MVC, EF Core, SQL Server, Professional Soft Skills, and Business English.

Information Technology Institute (ITI) | Back-End Web Development (.NET) Trainee (Jul 2026)

- Completed an intensive training focused on back-end web development and MVC architecture.
- Applied C#, EF Core, and SQL Server to build a full graduation project (Sports Academy Management System).

Certifications & Credentials:

- **Data Camp & Mahara-Tech:** SQL Fundamentals & Database Management (2026)
- **Udemy:** Microsoft Office Specialist (Word, Excel, PowerPoint)

VOLUNTEERING & ACTIVITIES

MSP Tech Club - Al-Azhar University | *Back-End Team Member (Nov 2025 – Present)*

- Contributed as a Back-End Developer to design database operations and server-side logic for the student activities E-Commerce Platform.
- Participated in technical back-end workshops, code reviews, and collaborative application development.
- Awarded Best Member in the Back-End Track twice (Dec 2025 & May 2026) for exceptional technical contribution and dedication.
